

Benwell Hill Cricket Club

2019 Season Review

Simon Lunn
Chairman

2019 Season Review - Chairman's Report

In 2019 the Club was able to purchase a new tractor, re-tile the entrance to the Club House, refurbish the kitchen, install a new heating system in the Squash Court and buy a new Cage for net practice. By no means does this tell the whole story but all the above are good examples of how the Club was able to keep developing all its facilities for our members through the best possible use of human and financial resources.

On the Cricket field the season began with the First X1 winning the Smithson Trophy which had been carried over from 2018. This carried particular significance as 2018 had otherwise been a barren year for all our senior teams. The First X1 eventually finished 7th in the NEPL after a curious campaign that could have been both better and worse. The Second X1 finished second and the Sunday Third X1 won their NEPL respective competitions which represented an overall pleasing performance in what is undoubtedly a tough environment. The Saturday and Thursday 3rd X1's both competed strongly in their competitions and player availability was much improved.

Andrew Dawson led the Second X1 to three Cup successes and were far and away Team of the Year. I am ever grateful to the Selectors, Captains and Vice Captains, Scorers, Caterers and all those who work so hard to create opportunities for cricket to take place at Denton Bank. Geoff Chambers deserves special mention in a season of inclement weather.

Chairman's Report (continued)

Many individuals will be singled out in the Captains and Coaches Review of the Season that is to be posted on the website but I must make mention of Rory Hanley and Luke Doneathy who were capped for Scotland U19 and England U19's respectively. It was also a most memorable year for Director of Cricket Kyle Coetzer who received an M.B.E. for his Services to Cricket and who led Scotland to the 2020 World Cup Finals later this year. Kyle was also named ICC Associate Cricketer of the Year which made for a memorable hat trick.

Junior Cricket at Benwell Hill is most buoyant and our nascent Under 9 team were unbeaten in a series of Festivals. The Under 11 team reached the Final of the NEPL competition and all the other age group teams competed at the top end of their leagues. Barry Pearson and the many volunteer coaches do a sterling job and it is hugely encouraging how many young players are making their way into Senior Cricket.

The same can also be said of the Women's team who enjoyed yet another successful season. Maintaining this will be a challenge as public examinations and University studies take their toll but the fact that more young girls are coming to Tuesday Night Coaching Sessions augers well.

In this whistle stop tour it would be remiss of me not to mention the immediate cloud on our horizon which is the urgent need to tackle the leaking Club House roof. I will update Members at the AGM.

There are, however, many reasons to be cheerful – I am delighted to report that David Beynon and Dacon Fabrications have agreed to act as main Sponsor of the Club for a further two years.

Chairman's Report (continued)

I am also delighted that Kyle Coetzer has committed to two further years as Director of Cricket-his leadership is simply invaluable.

The format of NEPL cricket is to change in 2020 and the game faces many challenges in terms of recruitment and retention but I believe that on the field we are well placed to be competitive at all levels and off the field to be in a position to make sure that Benwell Hill C.C. is a great place to be all year round.

One sad note is that 2020 will always be remembered as the year we said farewell to our long standing President Norman Green – a great servant of Benwell Hill C.C. and a true gentleman.

Look out for my monthly newsletters on the Club Website at www.benwellhill.co.uk which made a most welcome reappearance in 2019. I am most grateful to Scott Williamson for his unstinting efforts to drag our communications into the 21st Century.

I will conclude this Report, firstly, by congratulating Philip Nicholson on breaking the all time First Team appearance record – a remarkable effort. Secondly - and most importantly- I wish to offer my sincere thanks to the incredible band of officers and volunteers who give so selflessly of their time to make Benwell Hill a proper Cricket Club both on and off the pitch.

Kyle Coetzer, MBE
1st XI Captain

1st XI - North East Premier League

The 2019 season was one that didn't ever manage to quite fully get going. This was caused mainly by the weather and some inconsistent availability within the team. I don't ever remember having to use as many players throughout one season before. Our challenge for 2020 will be to hopefully pull together further commitment from the players to try and minimise any major player shuffling within the line-up moving into 2020.

This alone will make us more consistent and competitive as a club throughout all teams.

The weather was a huge contributor to a stop start season. In 22 attempted premier league fixtures we had 6 abandoned and in 5 T20 group games we missed another 3 to rain and lost the 2 games we did play. The Salver was a non-starter, after a good opening stand of 61 between James Schofield (52) and Rory Hanley (25) the wickets started to tumble and we suffered a 3 wicket loss and were knocked out of the Salver in the 1st round to Burnopfield.

Highlights from the season included winning the 2018 Smithson cup which had been postponed until 2019, 5 league victories and some individual feats spread throughout the season. Pete Halliday scored a brilliant 104 not out in a winning cause against Burnopfield after promotion up the order. Luke Doneathy masterminded a brilliant match saving 96 not out when he walked to the crease at 45 for 5 vs eventual league winners Burnmoor. In the same game there was sheer determination to blunt the dangerous Burnmoor attack by Max Williamson as he shared an important partnership of 113 to save us from almost certain defeat.

1st XI - North East Premier League (continued)

In the bowling department there were 2 very special performances. Luke Doneathy again featuring with a devastating spell of 5 wickets for 6 runs against Tynemouth leaving the home side 39 for 7 in their chase of 160 before the rain closed out the game. This was followed by Luke Mussett later in the season with match figures of 6 for 19 to decimate the Newcastle batting line-up at an important time in the season. Probably the most amazing performance of the year was when Vice-captain Pete Halliday broke many records by taking 8 catches behind the stumps in an early season game at Eppleton.

Some vital experiences were gained by the younger generations of our squad with again some glimpses of potential all be it slightly inconsistent. With one more season of premier league cricket banked away hopefully the 2020 season will see the consistency and matching performances that are undoubtedly capable from the future stars of the club. It was also great to see Luke Doneathy recognised with an England U19 debut and the same for Rory Hanley as he represented Scotland U19s.

When the end of the season came around it seemed to be another one of those seasons that you could look back at and think about what could have been. I'm certain that we created enough opportunities throughout the season to win more games but ultimately we were not up to the task to either take the catch, hit the stumps or see the team home with a match winning knock. If we can get off to a good start in 2020, have more consistent player availability and pray the rain stays away, I'm confident that our team will be challenging the top of the league. There are many learnings from our 2019 season and let's hope that these will put the entire club in a better place moving forward.

Andrew Dawson
2nd XI Captain

2nd XI - North East Premier League

The 2019 season proved to be a season of mixed fortunes but ended with much to celebrate. Following an unusually barren year season in 2018, we began the year looking to return to winning ways. The league campaign started with great momentum – convincingly winning our first 4 games and taking a maximum 120 points in the process. A depleted side started with a fantastic win in a close game against

Whitburn: William Archbold and Zane Ahmed with a vital partnership in the first innings to set up the win. The following week Gateshead Fell received a proverbial 'hiding': Ben Mussett the chief tormentor with 166*. The third week saw an excellent team display at Chester le Street: David Haxon's superb 83 helped to set the hosts an unsurmountable total.

As we moved into May, our fortune began to change: we were comprehensively beaten in first round of the Banks Bowl by Whitburn (a competition we had reached the final of the previous year); we had the next two league games abandoned against league strugglers Washington and Boldon; and were embarrassed at home by rivals South Northumberland. South North had fared slightly better with the weather (which would become a theme of the league campaign) and had managed to leapfrog us to top position going into our game. On a day where the availability was as poor as the weather conditions, we managed to capitulate and were dismissed for just 61 (an humiliation we would repeat in the return fixture as well). Despite Joe Kilpatrick's excellent efforts removing the top four batsmen, we left the field comfortably beaten.

2nd XI - North East Premier League (continued)

Sadly, June did not begin much better – the following two league games saw more rain and subsequent abandonments. To add insult to injury, South North continued to enchant meteorologists – picking up wins during monsoons as well as occasionally being saved by a timely downpour or two. The league, much as it did in the previous year, would prove to be just beyond our grasp. While I have spent much of this review complaining about the weather and lamenting about availability issues, the truth is we didn't get the job done at the vital moments in games: dropped catches; batting slumps (which were far too frequent); and failure to take wickets when it mattered eventually cost us. A sentence I have regrettably copied and pasted directly from the 2018 review.

If I have made it sound like a season to forget, then I have so far done us a disservice. We had an exceptional season in the T20 cricket – finishing the season unbeaten in the shorter format and picking up all three trophies we competed in: The James Bell, The Roseworth and the prestigious NEPL T20. In stark contrast to 2018, we were ruthless in 20-over cricket - with every player, to a man, making excellent contributions, of which there are too many to regurgitate. Our season was best summarised by the NEPL T20 finals day at Tynemouth on Bank Holiday Monday in late August. We defeated two strong and competitive sides (Tynemouth and Chester le Street) with relative ease. On a day where everyone brought their best, the only surprise was that the margins of victory weren't even greater than they turned out to be. Outstanding performances all round. Special thanks to Luke Mussett and Adam Heather, who put us through our paces with warm-ups did a lot to help us prepare on that day. Also to the host of Hillbillies who made the journey to support us.

2nd XI - North East Premier League (continued)

In terms of individual contributions, there was much to applaud: Ben Mussett (659 runs and several circuits of Westerhope Golf Course); Joe Moore (530 runs); William Archbold (445 runs); and Joe Anderson (345 runs predominantly in the cups) did most of the damage with the bat. And Peter Jones (45 wickets); Joe Kilpatrick (44 wickets); Anth Hunter (23 wickets); Joe Torre (21 wickets); and William Archbold (19 wickets almost entirely in the cups) were the chief tormentors with the ball.

We will be looking to build upon 2019's success for the upcoming season and hopefully challenge for the ever-elusive league title - I can only hope 2020 will be as enjoyable as its predecessor. Special thanks to the tea ladies for their continued dedication; Owen Blackburn for his occasionally legible book markings; and all of the people behind the scenes at the club who keep the Benwell Hill cogs turning.

2nd XI : Roseworth Trophy, James Bell and NEPL T20 Winners

3rd XI - West Tyne League

Ross Marley
3rd XI Captain

As I sit here trying to plan a lesson on fascism I look at leaders throughout history Plinio Salgado, Benito Mussolini and Franco, and I think to myself what has made them successful? Organisation, determination and resilience therefore with the help of Matt Reeves as vice captain these were 3 disciplines we tried to install in the 3rd XI from April in the hope of taking the game to other teams in the league, albeit in a less tyrannical fashion.

The aim of finishing higher than mid table was duly accomplished in the final game of the season against a Hexham Leazes sides that we owed from earlier in the year. We cemented 5th place, a duly deserved feat. Disappointingly we could have achieved more with a regular XI and a bit more experience in certain game situations. At one point in June we were league leaders!!!

Some stand out performances with the bat from Darsh Tharanga and Leighton Hopper who both registered hundreds against Wylam and Mitford respectively. Regular contributors with the bat also included Davy Ladd and Rashid Shad whose experiences are undoubtedly priceless.

Bowling honours go to Aki Tassawal and Jeff Mason who were our leading wicket takers, guiding us to victory in some key games. Both were ably supported by Pounder, Rushton and Torre.

Some enjoyable feats this year notably against South North Newton and Matfen keep engagement levels high but by August we inevitably struggle due to unavailability in the 1s and 2s , kids holidays and Rushton's annual tribal meeting in some tropical wilderness.

3rd XI—West Tyne League (continued)

Thanks to Matt as vice captain and other senior bodies which are now starting to disintegrate. And thanks to Shaun who provides the best teas in the league. The club needs a 3rd XI on a Saturday to support the growth and continue the good work that Coetzer and Dawson have already achieved leading their respective teams.

The baton/poison chalice is to be passed on to the next man or woman, I wish them good luck and my unavailability from April to September.

3rd XI - North East Premier League

Barry Pearson
3rd XI Coach

After twenty years of near misses, we finally won the NEPL Sunday 3rd Team League for the first time under the captaincy of Andy Jewitt. As ever, we tried to find a good mix of experienced senior players alongside our talented junior players, and this worked extremely well in 2019. Two wins against local rivals South North and two wins against nearest challengers Hetton Lyons were to prove pivotal in our win, and we only lost two games all season in what is always a competitive league.

The bowling was extremely strong, led by 3rd team player of the year Jeff Mason, skipper Andy Jewitt and the evergreen Chris Pounder who all had excellent seasons.

3rd XI - North East Premier League (continued)

Youngsters Haroon Malik and Matthew Lockey are getting better with each game, while the newly found 'quick' bowling of Joe Fletcher was also a big asset to the team.

Zain Ahmad led the batting in his best season to date and was very close to winning the League player of the year award. He was ably supported by Will Archbold, Joe Fletcher, Rohan Aatif and Fenwick Frisken, while the experience of Darsh Tharanga was important to shore up the batting in the second half of the season. 13 year old Haydon Mustard showed glimpses of his batting talent in his first season of senior cricket, but his wicket keeping was absolutely outstanding. The highlight was in the game at Newcastle where his two excellent stumping's late in the game were decisive in winning a tight game.

My thanks and congratulations go to everyone who contributed to winning the League this season. It was a great effort and has shown we have a lot of talent at all levels at Benwell Hill which is encouraging for 2020 and beyond.

3rd XI - Northumberland C Division

Mark Wright
3rd XI Captain

The C division decided to reformat the league this year to allow some of the smaller squads to play slightly easier less competitive games and, by allowing more teams into the league, some of the stronger squads to play more competitive games.

Apart from not being able to enter their league cup (due to new eligibility rules) I was slightly amazed at how well it turned out. No longer did we rock up and beat teams easily.

3rd XI - North East Premier League (continued)

we suddenly had to work a lot harder against stronger sides, which was good although we failed to do first game of the season against Stocksfield, but that blip aside we played a lot of good cricket and managed to finish the season in 2nd place again behind Humshaugh (again!).

We continued to have a mixed club squad. Players who missed weekend cricket, those who needed to either find a bit of form or just wanted to play a game of cricket. We also included some of the ladies team players and, towards the end of the season, were some of the first names on the team sheet! We also played some very young juniors slowly introducing them to senior cricket.

Travelling is never an easy part of cricket matches and I am very grateful to all those who were just as keen to play at Ashington/Morpeth away etc as they were at Denton Bank

A big thank you also goes to all the other players who captained throughout the season and did a fantastic job.

I really hope this coming season see's the continued progress on the field and the great mixture of players we used throughout the season continue. Whether its more ladies playing, under 15s making their debuts or even more 'Dads' taking up playing again it really is a great league to play some 20 over cricket and continue to develop your game.

Sally Anderson
Ladies Captain

Ladies team - Northumberland Women's League

The 2019 season saw some new developments in the Women's Cricket League. The league has now two firmly established divisions (with Benwell Hill playing in the Premier Division) and a drive to play more competitive 11 a-side matches.

Historically, matches in the League were 8 a-side, but as the local female game has developed it has become apparent that this format didn't quite 'cut the mustard' anymore! At Benwell Hill we have fully supported this development and as a result we

competed in some thrilling matches that resulted in some terrific performances from our young, talented girls. In summary, Benwell Hill won 5 out of 12 matches. However, the matches in which we were defeated were by narrow margins and all closely contested affairs.

The Ladies team at Benwell Hill is very much a group effort – no individual takes centre stage with the girls' continual support for each other. Nevertheless there were some outstanding efforts on the field. Annie Anderson's 80 (not out) off 50 balls at Tynedale was a batting master-class, and it was a shame she didn't see more balls to have the opportunity to get her maiden century that evening. Emily Whiting's work ethic as our All Rounder is always on display and she top scored with 65 (retired) against Gateshead Fell and bowled the most overs (47) for the team throughout the season. Ella Lillico's reliability and encouragements behind the stumps have combined with her increased confidence with the bat (60 away at

Ladies - Northumberland Women's League (continued)

Newcastle CC) and Niamh Brennan's ferocious pace bowling and fielding ability are always the envy of other teams in the league.

Niamh was also the 4th girl in the team to hit a half-century (at Home against Gateshead Fell). Due to academic commitments we didn't see quite as much of Holly Jordan and Molly Brayson as we would have liked, but were delighted by their A level successes and transition to Universities at the end of the season. Benwell Hill stalwarts Ellen Williamson and Katie Whiting continue to be great fun teammates and always entertain the team with their ever-extensive social life and chatter! Ellen, whilst struggling to bowl this season with her bad back, managed to produce the best bowling figures for the team with 3 for 16 at the away match v Newcastle CC. Finally, the newer members of our team Nicky Bagley and Ellie Taylor have also brought great skills to the field. Nicky's dynamic slog was a sight to behold when she notched a rapid 19 runs against South North at home. Ellie's left arm swing bowling will reap more and more rewards for the team as her cricket experience develops. Off the field the competition to always better our post match refreshments has hit new heights this season, with Deborah Whiting coordinating our themed culinary affairs including a Spanish, Chinese, Italian and British delights.

The 2019 season started with great intent to develop numbers in the Ladies squad as it was becoming apparent that we rely on too few players to allow us to play at a competitive level in 11 a-side matches. Having a limited squad of only 12 players meant that it was a constant logistical challenge and we were thankful to girls from Ashington who helped us out on a few occasions. Despite best efforts from Barry Pearson, Fenwick Marley and me to push a few buttons we sadly didn't see a rise in our Ladies membership. For the forthcoming season, we will have to consider encouraging more softball events and introduce new females gently into our fold before we start bruising them with the hard ball!

Barry Pearson
U15 Coach

A young and enthusiastic Under 15 side put in a very creditable performance in 2019 and finished in a mid table position in the League, which all in all was a decent effort. We struggled against some of the bigger and stronger teams, but given the fact that at least half of the team contained members of our Under 13 side, there were lots of positives to come out from the season with useful contributions from many players to give considerable hope for next season.

Dan Ramsay was our captain and did well in difficult circumstances. The main problem we had was putting competitive scores on the board as our batting lacked consistency, but the notable exception was 13 year old Haydon Mustard who had an excellent season both with the bat and behind the stumps with the gloves. Joe Simmons and Fardin Bhuiyan were the best of the rest, but we need to work out how to get bigger scores collectively to give our bowlers more of a chance.

The bowling was generally strong, led by openers Bilal Yousuf and Owen Blackburn, but there were lots of options throughout the side with Fardin Bhuiyan and Dan Ramsay leading the support cast. Our best performance came in the game at Morpeth where we bowled the home side out for 72 with all 10 wickets being bowled, led by Bradley Wilson who had the outstanding figures of 7 for 17 from five overs. We need to continue to work at our fielding to help support the efforts of the bowlers, and there will be considerable practice put in before the start of next season.

In conclusion, there was lots of ground for optimism from this year's Under 15 squad, and with only two members being lost because they will be too old, this group will for the most part stay together in 2020.

Scott Williamson
U13 Coach

The U13s had a cracking 2019 finishing runners up in the Northumberland league and with a bit more luck could have picked up the title, narrowly losing the decider against South North in a tight game. Overall it was a great team effort with every-one in the team contributing to our record of 7 wins out of 8 in the league. Unfortunately the NEPL games were all lost to the weather at the end of the season.

It was runs galore during the season as we went past 100 6 times in the 20 over format of the game. We amassed 201 v Ashington, 164 v Ponteland, 171 and 152 v Alnmouth, 122 v Morpeth and 121 v Newcastle City.

18 times our batsmen went past the 30 run milestone (players have to retire at this score) with principle run scorers being Haydon Mustard (6 x 30's), Ella Lillico (4 x 30's), Freddie McGregor (3 x 30's), Dylan Newton (2 x 30's) Fardin Bhuyian (2 x 30's) and Jayam Patel (1 x 30).

However the bowlers were not outshone by the batsmen, with Owen Blackburn (9 wickets) and Kemitha Mudalige (5 wickets) offering real pace with the new ball, they were superbly supported by Sam Rowe (13 wickets), Jayam Patel (7 wickets), Ibrahim Tayyib (8 wickets) and Abu Siddique (5 wickets).

Amazingly we also had 4 wickets keepers (Hassan Ahmad, Haydon Mustard, Ella Lillico and Fardin Bhuyian) to call on throughout the season, having such talent behind the stumps made a huge difference in the field as we kept opposition runs and extras to an absolute minimum.

Some real talent to look forward to in years to come.

Larry Dawson
U11 Coach

The 2019 season proved to be one of our most successful seasons of recent times. The new format which was trialled last season, with the length of the pitch being reduced to 17 yards, was continued this season, although with a different sort of composite ball which proved more suitable. Out of a total of 12 completed matches we managed to win 10 and lose only 2, using a total of 16 different players over the course of the season.

In the Northumberland fixtures we won 7 out of 8, and in the NEPL fixtures we won 3 and lost 1.

The team excelled in the NEPL competition with wins over— South Northumberland - by 16 runs, Whitburn - by 61 runs, and Tynemouth - by 125 runs. This success in the NEPL tournament led to us reaching the final, where we came up against an outstanding Chester-le-Street and whilst playing very well - were beaten by 86 runs.

On the batting side, there were major contributions during the season from; Warren Poxon - 129 runs, Aaron Armstrong - 118 runs, Rory Mustard - 114 runs, Mayaank Reddy - 90 runs, Ibrahim Tayyar - 58 runs and Ben Robinson - 54 runs.

On the bowling side, everybody chipped in with wickets, with the top wicket takers being: Mayaank Reddy - 18, Aaron Armstrong - 17, Warren Poxon - 14, Ben Robinson - 12, Rory Mustard & Harsh Patel - 6.

It was particularly encouraging to note the improvement made by both Mayaank Reddy and Ben Robinson, who clearly both have the potential to make very good fast bowlers.

Again, there was a notable improvement in our fielding and catching compared to last season, with us taking 25 catches during the season - Rory Mustard, who kept wicket outstandingly during the season - taking 8 of them.

The captaincy duties were in the main ably undertaken by Aaron Armstrong and the spirit that he and the rest of the senior players generated within the matches was excellent.

As usual the player of the season award was a difficult choice. It was eventually decided that we could not split the overall contributions by both Warren Poxon and Aaron Armstrong, and hence a joint award seemed appropriate.

Last but not least thanks to all parents who helped out with support and lifts - particularly Jim Robinson for taking on scoring duties and a coaching role.

Under 11 : NEPL Runners Up

James Walder
U9 Coach

2019 was the first year of putting out a regular Under 9 Benwell Hill team and it was great to have so many players at the Tuesday training each week to pick from.

The first festival of the season at Gateshead Fell was probably the high point as unusually there was a trophy at stake.

The team won all 5 of their games and it gave them a great introduction to playing proper games and all the pressure that comes with that.

We entered four more festivals over the summer and played a total of 13 more games and managed to go the whole season unbeaten. Our closest game was against Backworth where we sneaked to a 1 run victory.

We used 15 different players across the summer and everyone contributed with runs, wickets and catches. Some of the highlights from the season were:

- Taking all 7 catches in a game (including 2 by the wicket keeper)
- Almost scoring 100 runs in one innings
- Managing to hit some sixes on the off side
- Improving the running between the wicket and even having some games with no run outs
- The consistency of the bowling from all players

Over the season all players improved their batting, bowling, fielding and cricket awareness and it was good to see some of them get their first chance to play for the u11s towards the end of the year. We are in a great position for 2020 with lots of players really developing during 2019.
